Items Disposing	Where are you going to dispose this material

The U.S. Environmental Protection Agency (EPA) regulates the abatement and disposal of asbestos-containing materials from any public or private building involving demolition, renovation, repair, construction, and maintenance activities.

<http://www.deq.idaho.gov/air-quality/air-pollutants/air-toxics/asbestos/>

EPA certifies and licenses asbestos-removal contractors, inspects asbestos-abatement projects, and enforces laws regarding the proper removal and disposal of asbestos-containing materials.

Currently, EPA and DEQ contract with Industrial Hygiene Resources in Garden City, Idaho, to regulate asbestos removal and disposal projects in Idaho.

For more information about asbestos abatement and disposal in Idaho, contact:

Industrial Hygiene Resource

Phone: (208)359-6262

**Applicant’s signature, certification and authorization page**

The following applies to every project. Read each and *initial* acknowledgement.

\_\_\_\_\_ You must post the permit number and address to be clearly seen from the road. If not posted there will be no inspection.

\_\_\_\_\_ You must provide a dumpster on all jobsites. No burning is allowed without a permit from the Madison County Fire District.

\_\_\_\_\_ I understand the EPA requirements regarding asbestos removal and agree to provided information showing compliance with the regulations to Madison County prior to demolition Asbestos reports from Idaho Abatement & Insulation on Grate Basin Services (Landfill Requirement).

*Under penalty of perjury, I hereby certify that I have read this application and state that the information herein is correct and I swear that any information which may hereafter be given by me in hearing before the Madison County Building Department shall be truthful and correct. I agree to comply with all County regulations and State laws relating to the subject matter of this application and hereby authorize representative of Madison County to enter upon the above-mentioned property for inspection purposes.*

*NOTE: The building official may revoke a permit on approval issued under the provisions of the 2018 International Codes in case of any false statements or misrepresentation of fact in the application on which the permit or approval was based.*

## Demolition Permit Checklist

All items on this checklist must be presented before any permit application will be accepted.

The following items are needed to apply for a demolition permit:

- Recorded Warranty Deed (a copy may be obtained from the Clerk's Office in the Courthouse)
- Written Statement from Department of Environmental Quality (DEQ) that the structure being demolished is asbestos free or what steps must be taken for asbestos abatement.
- Site plan showing setbacks, well, septic, property lines, driveway, power lines, etc.

### Example of Site Plan
